Parent Guidance

Top tips to provide support to pupils:

- A quiet environment free from distractions where pupils can complete homework is always beneficial. There is an array of independent working spaces available in school.
- Encourage pupils to attend after-school sessions when support is required (see extra-curricular list on our website).
- Encourage independence and resilience, but also offer to check homework or give advice.
- Use Go4schools to monitor homework and discuss homework with pupils on a weekly basis.
- Set up a homework timetable so that homework and revision becomes routine.
- Contact tutors or teachers if you have any questions; we are happy to hear from you.
- Encourage phones, games consoles and social media to be turned off until homework is completed.
- Have regular conversations about your child's homework and/ or schoolwork.
- Help out your child and offer advice or suggestions.
